BEAUTIFIL II Gingiva

Re-balancing of pink and white aesthetics

Clinical case, before and after, with BEAUTIFIL II Gingiva in Light Pink

- Indicated in cases of gingival recession, exposed abutments and crown margins, root erosion and missing papillae
- Shades can be layered and combined for aesthetic solutions without the need for surgery
- Perfect for Class V restorations

Shade palette

BEAUTIFIL II Enamel

Direct anterior restorations

Clinical case, before and after, with BEAUTIFIL II Enamel

- Polychromatic restorations thanks to chameleon effect
- Cost-effective alternative to porcelain veneers
- Highly aesthetic restorations achievable by layering and combining the shades
- Based on porcelain shade concept – for easy shade matching
